SHOP ASSIST PRODUCTS

Get organized. Get productive.

GEARWRENCH®

GEARWRENCH® Shop Assist products help you do your job better by providing improved organization, a more efficient work environment, better ergonomics, and more. They optimize tool access so you have the right tools at hand, when and where you need them. They provide improved comfort, so you have greater control and less fatigue. They shine light where you need it, mark parts for easy ID, provide fast cutting capability, and much, much more.

GEARWRENCH® Shop Assist products do just what their name suggests ... they help around the shop to make your total work environment better and easier to navigate. They assist ... to help you get more done.

Tool Totes

GEARWRENCH® Tool Totes make it easy to organize and transport your tools, saving you time. We know your tools and how you use them, so we know how to make totes that keep your most-used tools closest to you. Durable construction with extra reinforcement in critical areas makes these the toughest totes we've ever offered. GEARWRENCH® totes ... the "grab and go" solution for auto techs and industrial mechanics looking for maximum efficiency.

Work Seating

GEARWRENCH® work seats and stools let you work comfortably at a level that gives you maximum access and leverage, whether working at low heights or doing bench work. A rolling work seat and a high stool are both available to suit your shop environment needs and personal working style. Both are air shock height adjustable and made to stand up to the hard demands of auto shop or industrial plant environments.

SKU #	Description
83147	16" Tool Bag
83146	16" Metal Handled Tool Tote
86992	Adjustable Shop Stool
86994	Rolling Mechanics Seat

Mechanics Creeper

The GEARWRENCH® Mechanics Creeper provides optimum access to any low-clearance overhead work application. Six smooth-rolling offset TPC (thermoplastic copolyester) casters and a concave custom-molded composite tub provide excellent mobility and light weight. Durable EVA (ethylene-vinyl acetate) padding offers outstanding comfort with minimum thickness for an exceptionally low working height.

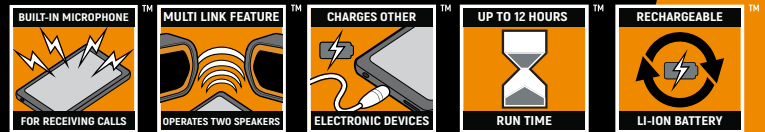

Kneel Pad

The GEARWRENCH® Kneel Pad is the super-convenient way to keep your knees comfortably off a hard or rough floor when the task requires kneeling. A built-in grab handle makes it easy to position or hang up when not in use. Three layers of high-density solvent-resistant foam provide an unmatched degree of cushioning so you can get the job done in comfort. A magnetized recess holds nuts, bolts, and spare parts.

Bluetooth® Speaker/Radio

The rechargeable GEARWRENCH® Bluetooth® Speaker/Radio has a full, rich sound and versatile features, all housed in a compact package that's built for the toughest shop or worksite conditions. Protected with a full rubber wrap, it meets IP65 specs for dust and water resistance and can survive a 1-meter drop. Listen to FM radio, plug into AUX input, or stream from your mobile device... the GEARWRENCH® Speaker/Radio is guaranteed to make your day better!

Bluetooth 4.2 compatible with built-in microphone

Full rubber casing is IP65 dust and water resistant

FM Radio with built in antenna

Multi-Link Feature allows for up to two speakers from one source

4400mAh/3.7V rechargeable lithium-Ion battery allows for 4 hours of unconnected run time, up to 12 hours on just FM radio

4-foot USB power cord with 110V AC wall adapter included

USB port with 5V/1A output to charge other devices

AUX In, and Micro SD Card inputs

Industrial Grade Lighting

The full line of GEARWRENCH® Professional Rechargeable Lighting includes products for every automotive and industrial application. Whether your job requires area lights, work lights, a headlight, flashlight, or penlight, GEARWRENCH® has a high-performance, full-featured, professional-level solution. With output ratings from 30 to 3,000 lumens, all GEARWRENCH® professional lighting products are built to last.

Area Lights

Head Lamp

Rechargeable lithium-ion battery providing up to 4 hours run time

SKU #	Description
83139	3000 Lumen Rechargeable Area Light
83124	1000 Lumen Rechargeable Area Light
83137	Rechargeable Head Lamp
83135	500 Lumen Ultra Thin Work Light
83134	150 Lumen Ultra Thin Work Light
83138	Rechargeable Work Light
83122	Rechargeable Penlight
83123	Rechargeable Flashlight
83123P	Flashlight Holster
83125	Universal USB/Pin Connection Cable

GEARWRENCH Work Lights give you more

Wide range of brightness

- All work lights have a wide range of lumen outputs to give you just the right amount of illumination

Run Time

- Variable lumen output options allow users to use lower brightness settings to extend run time

Durability

- Work lights withstand water and dust infiltration with Ingress Protection ratings ranging from IP45 to IP67
- All units use standard USB pin plugs for greater durability than mini USB plugs
- Reinforced composite cases fully meet all drop testing up to 6ft

Ultra-Thin Flex-Head Work Lights

30 Lumen SMD LED top light

Ultra-thin flex-head to direct light into tight spaces

500/250 lumen main light

150/75 lumen main light

Fold-away hang hook and strong magnet in base for easy positioning

Work Light

Top inspection light with 150 Lumen setting

Front facing dual 500/250 lumen rating with COB technology

Strong magnetic base and hang hook for easy positioning

Rechargeable lithium-ion battery providing up to 2.5 hours run time

125 lumen rating

Solid aluminum housing with polycarbonate lens

Flashlight

Dust/Water Resistant IP54 rating for dust and water spray

Dual LED 250 and 500 lumen rating

Rechargeable lithium-ion battery providing up to 5 hours run time

83123P - Flashlight Holster specifically for 83123

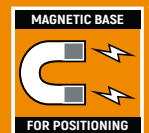

Spring-Assisted Knife

Designed for all-purpose cutting, the GEARWRENCH® Locking Pocket Knife has a modern-looking 3 1/8-inch, drop point style blade and stays sharp for tough cutting jobs. The user-friendly knife is spring-assisted, allowing the blade to open and lock into place quickly. The knife also includes a reversible pocket clip and a built-in lanyard ring.

Magnetic Fender Cover

The GEARWRENCH® Magnetic Fender Cover provides ultimate protection for easily-damaged automotive finishes during servicing, shielding fenders from grease, fluids, minor impacts, and scratching. Made of thick vinyl with a soft fabric backing, the cover features sewn-in magnets that hold it securely in place.

Heavy-Duty Markers

GEARWRENCH® Heavy-Duty Markers are available in three different types – Fine Point, Metallic Ink, and Liquid Paint – to provide multiple marking solutions to demanding automotive and industrial users. These are professional-performance markers made for pros.
