

GEARWRENCH®

Double-X™ Pliers

Unaddressed User Needs:

- Difficult to get into confined and sometimes hot areas, such as confined areas in an engine, areas in which using a pair of small pliers can be a struggle and/or the area may not have enough room to use regular long reach pliers.
- Regular long reach pliers often require using both hands.

GearWrench® Solution:

Comfort

- Dual-dipped for comfort and grip

Strength

- Flush rivet for strength and narrow profile

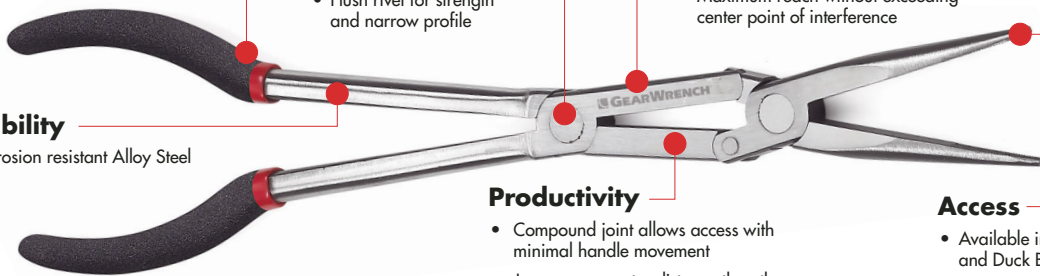

Access

- Maximum reach without exceeding center point of interference

Durability

- Corrosion resistant Alloy Steel

Productivity

- Compound joint allows access with minimal handle movement
- Jaws open greater distance than the handle for added reach in tight locations

Access

- Available in Long Nose and Duck Bill tips

Screwdrivers

Unaddressed User Needs:

- How to combine strength, speed and comfort in one screwdriver.

GearWrench® Solution:

Black Oxide Non Slip Tip

Laser Etched Part Number and Size

Tri-Lobe Ergonomic Handle to Obtain Optimal Balance of Strength and Comfort

Available in:

- Phillips
- Slotted
- Torx®

"Speed Zone" for turning in lower torque applications

Nut Bolster on selected sizes

Innovative Dual Material Handle for Comfort and Performance
