

POWER & UTILITY TOOLS

A full-page background image showing a worker in a hard hat and safety harness using a power tool on a wooden structure. The image is split vertically by a diagonal line. The left side is in black and white, showing a close-up of a power tool being used on a wooden beam. The right side is in a warm orange tone, showing a worker's hands in gloves using a power tool on a wooden beam. The worker is wearing a hard hat and a safety harness.

GEAR UP FOR
TOMORROW'S
GRID

Since its revolutionary inception in the mid 1990's, GEARWRENCH has proven itself to be a force to be reckoned with in the tool industry. Years of perfecting tools for heavy duty trades have paved the way for this: GEARWRENCH Power and Utility Tools. With decades worth of tool industry knowledge and extensive Voice-of-Customer research, we're launching the industry's best portfolio of tools for line-work like only the inventors of the ratcheting wrench can. Whether you're working underground or overhead, GEARWRENCH Power & Utility Tools are built for the demands of modern line-work. Gear Up for Tomorrow's Grid.
